HEAVY LOSS OF LIFE CAUSED BY STORMS

Cyclones and Tornadoes in South.

DEATH LIST IS LARGE

About One Hundred Persons Killed by Wind Storms.

TENNESSEE SUFFERS HEAVILY

Destruction in That State the Worst Reported.

Atlanta, Ga., May 1.—Cyclones and tornadoes, worse than have been known for years, swept through the South, leaving in their wake hundreds of dead and mangled bodies and the dismantled wrecks of property worth many millions.

An exact list of the dead and an accurate estimate of the monetary loss may not be completed for many days, but from all along the path of the storm come tales of fearful loss of life and descriptions of whole towns and villages completely wiped out.

Dispatches gathered throughout the South indicate that from 75 to 100 people were killed in the storm. The number of injured is probably three times as great.

The storm, which reached the South from the upper Mississippi valley, left its scar on Mississippi, Arkansas, Kentucky, Alabama, Missouri and more remote states, but Tennessee perhaps suffered the most severely. It is substantiated that sixty people were killed in that state.

The storm wave seems to have had its origin in the North and swept from the lake region south in irregular fashion, now moderating its force as though spent, now growing more turbulent and angry.

The state of Tennessee was an especially heavy sufferer. Careful estimates indicate that at least fifty people were killed in the Volunteer state alone, while the monetary loss will not fall short of a million. Hillsboro is said to be practically destroyed. At Centerville and adjoining villages the damage is reported heavy, both in lives and property. Near Pulaski, in Giles county, the death list reached twelve. Many were injured.

Followed the Cumberland Valley.

The hurricane followed the Cumberland valley, wrecking small towns and destroying farmhouses. At Ebenezer eighteen houses were blown down. At Knoxville the greatest damage was from interference with commerce.

At Fayetteville three are known to have perished.

At Cuba many houses were blown down.

At Gilestown not even a shed was left standing. No fatalities were reported from these last two places, but information is meager.

Memphis reports heavy loss from towns within a radius of 100 miles in three states.

At Horn Lake, Miss., 18 lives were lost. Property damage was heavy. From neighboring towns come tales of men, women and children killed and homes wrecked.

The tornado swept over into Arkansas and killed eight persons near Mammoth Springs, besides wrecking a score of buildings. Other points in Arkansas report heavy loss.

Atlanta and most of Georgia escaped with only slight property loss. But two young people, a brother and sister, lost their lives here by the capsizing of a rowboat in a sudden squall.

Striking Alabama and headed in a southeasterly direction, the hurricane continued on its cruise of destruction. Huntsville sent word of heavy loss of property with probably several lives sacrificed. At Danville, Ala., the storm struck with terrific force. At Hartsell at least one is dead and many hurt. The storm is still raging and seems to be traveling almost directly southeast.

The storm has begun to shoot across the rail, telegraph and telephone lines connecting Atlanta with Chattanooga and Knoxville. Wire communications ceased entirely.

Scores of telegraph wires were lost in the vicinity of Rome, Ga., indicat-

ing that the storm was sweeping over that section.

The death totals were swelled by three lightning victims at Monroe, Ga. Windstorms accompanied by lightning broke over Monroe and one of the bolts struck the residence of M. B. Barrett. Barrett, his wife and his seventeen-year-old daughter were killed and a ten-year-old son and younger child were seriously shocked. Fifteen are dead, several score injured, and 250 houses demolished as a result of the storm which struck Fayetteville, Tenn., according to a man who has just reached Huntsville, Ala., from that section.

The dead at Harms number five, and many more are injured. Immense damage was done in Madison county by hail and lightning. Telegraphic and telephonic communication with Fayetteville has been severed.

TERRIFIC STORM IN MIDDLE WEST

Death and Destruction Follow in Its Wake.

Chicago, May 1.—Death and destruction followed in the wake of a terrific storm which swept over the Middle West, including Chicago in its path of devastation. Here many buildings were unroofed, homes blown over and scores of people driven into the storm, many narrowly escaping with their lives.

Three men were killed at Grand Crossing, a suburb, in the collapse of a factory. The victims were buried under tons of debris when a brick wall of the Grand Crossing Tack company collapsed. The dead are:

Joseph Zabar, Dominick Chiaro and Paul Swazkoski.

Homeless men, women and children awoke in strange beds in many parts of the city where the storm had held furious carnival. Tales of hardship and peril brought charitable response from neighbors who fortunately escaped the ravages of the veritable tornado and its accompanying torrent of rain and hail.

In the path of the storm before it reached the Great Lakes region, great destruction of property is reported and at least eleven are known to have been killed.

At Golden, Mo., the business section of the town was destroyed and many homes were wrecked. Five persons lost their lives. The dead at Golden are:

Mrs. W. H. Henson, Mrs. Clara Prentiss, Bob Hopkins, Bessie Campbell and Mrs. Jarvis.

At Summersville, Mo., the wind created havoc and two persons were killed a few miles north of the town. Many were injured. The dead are: Miss Belle Delury and Mrs. Geo. Smith.

Serious in Southern Illinois.

The storm was furious in the southern part of Illinois and at Texas City, near Carmi, four persons were killed and many seriously wounded. The dead are:

Edward Overton, Mrs. Overton, her baby and a servant.

Many houses were destroyed and the town was wrecked.

Great damage to property and crops was caused in Michigan on the east shore of Lake Michigan, Benton Harbor and South Haven being in the path of the storm. Vessels were imperiled on the lake. Dispatches from Sault Ste. Marie, Mich., report that a steamer believed to be the Aurania of the Corrigan line was seen to sink in Whitefish bay by Captain Boyce of the steamer Peavey.

At Michigan City, Ind., on the southern shore of Lake Michigan, the wind storm was terrific and a portion of the wall of the Northern Indiana penitentiary there was destroyed. Militia from South Bend were ordered to the scene to guard the prison.

In Wisconsin the storm was converted into a blizzard, and for many hours there raged one of the severest snow storms of the season in many towns, causing great damage to property. At La Crosse and Superior reports are that traffic was practically abandoned because of drifts.

Willis Britt Will Recover.

New York, May 1.—Willis Britt, manager for Stanley Ketchell, middleweight pugilist, who was taken to St. Vincent's hospital suffering from what is believed to have been poison, will in all probability recover. Britt was found unconscious in a doorway in East Fourteenth street. A bottle of poison tablets was found in his effects.

T. J. HAINS ON WITNESS STAND

Prisoner's Brother Testifies in Murder Trial.

REPRIMANDED BY THE COURT

Witness Startled Everyone in the Room by Shouting in an Effort to Imitate the Cry of Captain Hains When He Learned of Wife's Alleged Infidelity—Attorneys for Defense Spring Surprise on the Prosecution

Flushing, N. Y., May 1.—Incidents of Aug. 15, 1908, leading up to the shooting of William E. Annis at the Bayside Yacht club by Captain Peter C. Hains, Jr., U. S. A., were graphically reviewed on the witness stand by Thornton Jenkins Hains, the defendant's brother, at the trial in the supreme court here.

Thornton was called as a witness on the conclusion of District Attorney Dewitt's cross-examination of General Hains, father of the defendant. John F. McIntyre, chief counsel for the defense, carefully piloted the witness through a minute description of his movements and those of the captain on the fateful day up to the time they reached the yacht club float, where Annis was shot as he was stepping from his catboat. But at this point the lawyer suddenly broke off without asking the witness a single question in regard to the shooting.

It was evidently the purpose of the defense to let the prosecution bring out the details of the killing on cross-examination. This turn in affairs was executed so unexpectedly by the army officer's counsel that it created much confusion among the state's forces.

District Attorney Dewitt had not reached the day of the tragedy in his cross-examination of Thornton Hains at the close of the day's proceedings. The defendant's brother startled everyone in court and brought upon him a severe reprimand from Justice Garretson when at the beginning of his examination he shouted at the top of his voice in an attempt to echo the heart-rending cry of the captain on the night that his wife, Claudia Hains, confessed to him, as is alleged, her relations with Annis. The witness particularly emphasized that it was purely by accident that the captain met Annis at the yacht club.

For the first time since the trial began two weeks ago the courtroom was crowded with spectators. There were a number of women among them. The defendant's listless demeanor was unchanged throughout the proceedings.

TRIAL OF PATRICK CALHOUN

Two Federal Officials Testify for the Prosecution.

San Francisco, May 1.—In an effort to prove that Patrick Calhoun, president of the United Railroads, authorized various payments to which members of the Schmitz supervisors have testified, two federal officials formerly connected with the United States mint in this city were summoned as witnesses for the prosecution in the Calhoun trial.

Frank A. Leach, former superintendent of the mint, and Thomas P. Burns, who was in charge of the United States sub-treasury at the time the latter institution took the place of a clearing house for local banks, practically agreed in their testimony that Patrick Calhoun after authorizing payment of \$200,000 to agents previously designated, sent to the mint written and telegraphic orders presented by Tiley L. Ford, general counsel for the street railway company.

CONFESSES SHE SHOT HIM

Cleveland Woman Admits Killing Her Husband.

Cleveland, O., May 1.—Although her husband declared in a dying breath that he had committed suicide by shooting himself, Mrs. L. M. Bingham admitted to the police here that she was his murderer.

"I shot him because he threatened to desert me," said she. "He has treated me cruelly."

Mrs. Bingham waived preliminary hearing of her case and was remanded to jail without bail.

Bingham was shot Thursday while standing in a cafe. He had quarrelled with his wife a few moments previously.

Despondent Man a Suicide.

Minneapolis, May 1.—Downcast over the loss of a watch which he valued as a keepsake, Charles Koen, aged fifty years, shot and killed himself in his room at the Northern hotel.

25 Burson Hosiery 21c

These are in the Bargain Basement and are but one of many other good hosiery bargains we have there. They are travelers samples—the very best you known and come in the best sizes—9, 9½ and 10. Of course these are all perfect goods and not at all damaged. We suggest that you look these over tonight when purchasing Sunday hosiery.

H. F. Michael Co.

Summer Underwear Bargains

Splendid quality of vests at 7½c, 10c, 12½c, 15c and good long sleeved vests at 19c. We have all sizes. Then we have a number of pants and union suits that sell at the same reductions.

H. F. Michael Co.

HOW ILLITERATES VOTED

Went to the Polls in Bunches in Milwaukee.

Madison, Wis., May 1.—"Give me an election inspector and an outside worker and I'll carry the city for any candidate." This was the opinion of M. J. Regan, a life-long Democrat of Milwaukee, who appeared before the senatorial investigation committee.

Mr. Regan said in the municipal campaign in Milwaukee last spring he noticed that illiterate voters were voted in bunches by the election inspectors.

This practice was common in all parties in certain districts of Milwaukee, he said, and that the voting was usually preceded by the worker buying a drink or two.

Deputy Game Warden Richtman corroborated the testimony of Nels Johnson as to the meeting at Warden Stone's house, saying Assemblyman Thomas took part in the conversation. Mr. Thomas was again called and stuck to his original story that he took no part in the meeting.

The committee will go to Milwaukee to examine into the details of Stephenson's bank disbursement account of the campaign.

IN A CRITICAL CONDITION

James H. Boyle Collapses in Jail at Mercer, Pa.

Mercer, Pa., May 1.—James H. Boyle, whose trial on a charge of kidnapping Billy Whitla was continued until next Wednesday, collapsed in the Mercer jail and is said to be in a critical condition. Boyle's system has been weakened by inability to hold anything upon his stomach and the postponement of his trial had a bad effect.

Mrs. Boyle was quite surprised by the unexpected continuance of her husband's case, but refrained from making any comment. The reasons given for the continuance were the illness of the wife of W. S. Anderson, attorney for the defense, and the mysterious disappearance of the original information against Boyle. But there is a prevalent belief here that neither side is anxious for an immediate trial. Members of the Whitla family are greatly displeased because of the postponement.

IN FAVOR OF FREE LUMBER

Senator McCumber Makes an Extended Speech.

Washington, May 1.—An extended speech by Senator McCumber favoring free lumber occupied several hours in the senate. His remarks provoked an extended controversy among advocates of a tariff on lumber. Mr. McCumber said while he was a thorough protectionist, he would not agree to a tariff on products such as coal, iron, iron ore, lumber and oil, that are being exhausted and cannot be replaced.

Senator Aldrich reported from the committee on finance additional amendments to the tariff bill and the senate adopted a motion made by him that until further notice the senate shall meet at 11 o'clock daily.

The senate adjourned until 11 o'clock Monday.

WILL ISSUE A FORMAL DECLARATION OF WAR

Labor Unions on Great Lakes to Announce Strike.

Buffalo, N. Y., May 1.—The first formal declaration of war by labor unions on the Great Lakes against the Lake Carriers' association will be issued today. As a matter of fact, there will be practically no change in the situation which has existed since the opening of navigation, when the marine engineers refused to sign contracts in which the Lake Carriers' association inserted the open shop clause.

The engineers were backed up by the officers of the Firemen's, Oilers' and Water Tenders' association and the Marine Cooks' and Stewards' union. Leaders in both organizations refused to allow their men to ship on board any Lake Carriers' association boat with a nonunion engineer. Under the constitution and bylaws officers could not, however, declare a strike until the question had been submitted to a referendum vote. This was done last week and according to advices received by local unions the vote to strike was practically unanimous.

OUTLINES HIS PROGRAMME

Attorney General Wickersham Talks to Distinguished Assemblage.

New York, May 1.—Before an assemblage of lawyers which comprised almost every justice of the supreme court, every justice of the appellate division, every judge of the United States circuit court sitting in or near New York, and practically every prominent personality in the legal profession, Attorney General Wickersham outlined his programme concerning the administration of his office in general and the exercise of the Sherman anti-trust law in particular.

Most notable among those who eulogized the guest of the evening were Joseph H. Choate, Judge Gray of Delaware, Presiding Justice Patterson of the appellate division, Judge Ward of the United States circuit court and Delancy Nicholl. Mr. Choate in a half tender, half humorous vein, traced the career of Mr. Wickersham.

OFF TO EXPLORE ALASKA

Leffingwell and His Party Begin Two Years' Trip to the North.

Seattle, Wash., May 1.—Beginning a two years' trip to Alaska in the interests of the University of Chicago and the United States government Ernest de Koven Leffingwell, the well known explorer, sailed away from here today on the steamer Argo with his two companions.

The first objective point of the party is Point Barrow, where the headquarters of the prospective exploration trips will be established.

AGAINST NEWSPAPER MEN

Further Proceedings to Be Begun in Panama Libel Case.

Indianapolis, May 1.—Stuart McNamara, assistant United States district attorney of the District of Columbia, has arrived in this city to begin further proceedings against Delavan Smith and Charles R. Williams, proprietors of the Indianapolis News, indicted in the District of Columbia, with proprietors of the New York World, on the charge of having libelled certain persons by printing allegations that there had been an enormous "graft" in connection with the purchase by the United States of the Panama canal tract. Mr. McNamara and Charles W. Miller, United States attorney for this district, will ask Judge Anderson for an order for the removal of the defendants to the District of Columbia.

If Judge Anderson should decide to hear evidence tending to establish the identity of the defendants and the question of their removal on the indictment of the grand jury of the District of Columbia, warrants will be issued for the arrest of Messrs. Smith and Williams.

Both are in this city now. Mr. Smith said that, though he had not received any summons to court, he and Mr. Williams would appear in court. They will contest their removal.

Mr. McNamara and Charles W. Miller, United States attorney for this district, will ask Judge Anderson for an order for the removal of the defendants to the District of Columbia.

If Judge Anderson should decide to hear evidence tending to establish the identity of the defendants and the question of their removal on the indictment of the grand jury of the District of Columbia, warrants will be issued for the arrest of Messrs. Smith and Williams.

Both are in this city now. Mr. Smith said that, though he had not received any summons to court, he and Mr. Williams would appear in court. They will contest their removal.

SATURDAY, MAY 1, 1909.

WEATHER FORECAST

Partly cloudy and continued cold to night and Sunday with temperature below freezing; light snow flurries east portion.

AITKIN business men are agitating a cash home market for the town, which would prove a winner for any community.

THE Bemidji Sentinel calls a halt on the commissioners of Beltrami county in the matter of expense and asks the question as to how long things can last with the county doing business at a loss.

Now that Sultan Abdul Hamid has been deposed and deported the question arises as to what the various and numerous Mesdames Hamid will do at Easter time with no one to provide the coin of the realm for the purchase of a beehive bonnet.

It now appears that the 407 saloons that St. Paul has is the limit under the Alderman law for that city and the Minnesota and Commercial clubs cannot establish drinking places unless they can buy out some saloon and transfer the license.

DID it ever occur to you, says the St. Cloud Journal-Press, that no public enterprise could succeed without the hearty co-operation of the newspapers? And did you ever hear of a case where the newspapers did not cheerfully do more than their share in promoting every movement that promised to benefit it's home city? But do you know that there are business men in every city who neglect to patronize their best friends, the newspapers?

LOCAL NEWS NOTES

Awnings! Awnings! at D. M. Clark & Co. 234tf

Dr. J. L. Camp went to St. Paul this morning on business.

AUTOMOBILE LIVERY

At one half regulation city rates, day or night. Will take parties into the country, city sight seeing, dances or parties. Telephone 256 or 134J4 or call on C. W. Hoffman, No. 310 6th St., or No. 216 5th St. N. 275 t6

Thomas Robinson, the engineer in charge of the government reservoirs, did not go the Pine River reservoir yesterday as he expected. He found on telephoning to Pequot that the roads to the dam were impassable and decided to cut that trip out for the present. He left this afternoon for Bena to visit the Leech lake dam and will visit others up that way, returning to Pine River later.

Orne Sells sewing machines, washing machines, rugs (all sizes), clocks and wringers for cash or on easy payments at the Singer store. 252tf

G. B. McLane, chief dispatcher on the St. Paul division and passenger conductor A. A. Sharp, from the main line left for Little Falls today after having been in Brainerd a couple of days examining the train men of the Northern Pacific railroad and such of the Minnesota & International crews as run between here and Little Falls, on the transportation rules.

Having secured a first class shoemaker we will be able to do all kinds of shoe repairing on short notice. All work guaranteed satisfactory. Golden Rule Shoe Store. 270tf

Richard Huston, who has been employed by the Slipp-Gruenhagen Co. and by F. H. Gruenhagen for eight or ten years, has resigned his position and will open a plumbing and steam heating business in the building at the corner of Seventh and Maple streets. His successor has not yet been secured. Mr. Huston has many friends who will wish him good luck in his venture.

America Lodge, D. of H., will give a progressive card party, including refreshments Tuesday evening, May 4th, at Elks hall. All members and friends are invited. Price 15 cents. 279t2

Word was received here today of the death of Barney Smith, town treasurer of the town of Dean Lake, Crow Wing county. The town of Dean Lake is in the extreme eastern part of the county and tributary to Aitkin, so that little was learned beyond the mere word of his death, which was sent to County Auditor Smart. Mr. Smith died Sunday last. He had been a resident of that town for some years and was well known.

According to reports Mr. Whiteside, of Duluth, has recently purchased a large amount of land in the town of Emily and adjacent towns. The report is that W. H. Andrews, of Outing, the former county commissioner from that district, has closed out nearly all of his real estate holdings except his property in the village of Outing, to Mr. Whiteside. Crow Wing county property is rapidly becoming more valuable and in better demand.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. tf

Kills To Stop The Fiend.

The worst foe for 12 years of John Deye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures fever-sores, boils, felons, eczema, salt rheum, infallible for piles, burns, scalds, cuts, corns. 25c at H. P. Dunn's. t t s w l

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at H. P. Dunn. t t s w l

Up Against It.

The suffragette leader was addressing a meeting of the Cook Ladies and Chambermaids' union.

"You women should all have a voice in the affairs of the nation," she exclaimed. "You should assert yourselves. You should be entitled to a vote."

Hereupon a seker after information arose and in a voice of conviction said, "That would mean that we should have to live in one place for at least six months, wouldn't it?"

It was not until then that the suffragette leader fully realized what she was up against.—New York Times.

Snow in North Dakota.

Grand Forks, N. D., May 1.—North Dakota was in the grip of the severest April snowstorm for years all day. Reports from points all over the state tell of from two to eight inches of snow.

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. No harmful drugs. 25c. blower free; all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

H. P. Dunn, Druggist.

The Word "Rajah."

Literally the word rajah means king, and maharajah the great king or ruler over several kings, but generally speaking the titles rajah, maharajah and nawab have no greater significance than the words feudal lords as used in mediaeval times in Europe. Many of them have been made by the will of the reigning chief, many bestowed for meritorious acts and deeds.

Have not coughed once all day?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. Lowell, Mass.

ACME QUALITY

Paints and Finishes for Every Home Use

This is the time to freshen up the home by doing the odd jobs of painting you have been planning. For the buggy, the furniture, for the floors and woodwork, for every paint purpose, we have the right Finish.

ACME QUALITY

PAINTS, ENAMELS, STAINS AND VARNISHES

are each and every one scientifically prepared for specific uses. Remember—if it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose. We can tell you what to use, how much to use and the cost. Ask us.

Gruenhagen for eight or ten years, has resigned his position and will open a plumbing and steam heating business in the building at the corner of Seventh and Maplestreets. His successor has not yet been secured. Mr. Huston has many friends who will wish him good luck in his venture.

America Lodge, D. of H., will give a progressive card party, including refreshments Tuesday evening, May 4th, at Elks hall. All members and friends are invited. Price 15 cents. 279t2

Word was received here today of the death of Barney Smith, town treasurer of the town of Dean Lake, Crow Wing county. The town of Dean Lake is in the extreme eastern part of the county and tributary to Aitkin, so that little was learned beyond the mere word of his death, which was sent to County Auditor Smart. Mr. Smith died Sunday last. He had been a resident of that town for some years and was well known.

According to reports Mr. Whiteside, of Duluth, has recently purchased a large amount of land in the town of Emily and adjacent towns. The report is that W. H. Andrews, of Outing, the former county commissioner from that district, has closed out nearly all of his real estate holdings except his property in the village of Outing, to Mr. Whiteside. Crow Wing county property is rapidly becoming more valuable and in better demand.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly rundown or old people. Try them. 50c at H. P. Dunn. t t s w l

Up Against It.

The suffragette leader was addressing a meeting of the Cook Ladies and Chambermaids' union.

"You women should all have a voice in the affairs of the nation," she exclaimed. "You should assert yourselves. You should be entitled to a vote."

Hereupon a seeker after information arose and in a voice of conviction said, "That would mean that we should have to live in one place for at least six months, wouldn't it?"

It was not until then that the suffragette leader fully realized what she was up against.—New York Times.

Snow in North Dakota.

Grand Forks, N. D., May 1.—North Dakota was in the grip of the severest April snowstorm for years all day. Reports from points all over the state tell of from two to eight inches of snow.

DR. A. W. CHASE'S CATARRH POWDER 25c.

H. P. Dunn, Druggist.

The Word "Rajah."

Literally the word rajah means king, and maharajah the great king or ruler over several kings, but generally speaking the titles rajah, maharajah and nawab have no greater significance than the words feudal lords as used in mediaeval times in Europe. Many of them have been made by the will of the reigning chief, many bestowed for meritorious acts and deeds.

Have not coughed once all day?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. J. C. Ayer Co., Lowell, Mass.

THE STORM IS UNPRECEDENTED Snow Fell For Nearly Three Days and Nights---At Least Thirty Inches in All OLDEST INHABITANTS SILENCED Nothing Like it at This Season in the History of White People in Brainerd

The oldest inhabitants of Brainerd acknowledge that the like of this week's storm at this season of the year is unprecedented in the history of the county. There have been snows later in the season than this but never before, since the white man came has there been so long continued and so heavy a snow fall so late in the spring. I. U. White, who has been a resident of Brainerd since before the railroad came says it has got his records beat a mile.

Several have spoken of the storm of 1892 as its equal. That storm according to the old files of the Dispatch was equally as severe, and perhaps much worse, but it occurred nearly six weeks earlier in the season, on the 9th, 10th and 11th of March. That storm was much colder than this but the record is that only about a foot of snow fell, though what fell piled up in high drifts.

On April 22 and 23, 1893, the weather clerk gave, according to the files of the same paper, "a grand, hilarious gymnastic exhibition of lovely spring weather which puts in the shade anything within the memory of the oldest inhabitant." The storm began Wednesday morning and snowed almost incessantly until Friday morning. Fully 20 inches of snow fell and piled in great drifts.

Nearly everyone prophesied that the storm would break Friday afternoon and for a while it looked like it. The promise failed to materialize, however, and it snowed during most of the night and all the snow which fell drifted before a sharp northwest wind. Some of the heaviest snow fall of the storm was between the hours of 6 and 9 this forenoon. Train No. 5, on the main line of the Northern Pacific, west from St. Paul, was so late that No. 14 did not wait for it at Staples this morning and Brainerd and other towns on this line failed to receive any mail from the twin cities and the east.

Won't Slight a Good Friend

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley, of Beals, Me., "for, after using ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for coughs, cold and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For bronchitis, asthma, hemorrhage, croup, LaGrippe, sore throat, pain in chest or lungs its supreme. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn.

NEW STAR ROUTE

The Department Expects to Establish Daily Mail Service Between Pequot and Cross Lake

It is understood that the postoffice department is contemplating the discontinuance of service on the star route between Brainerd and Cross Lake, which now makes three round trips a week, and establishing a daily mail service between Pequot and Cross Lake, and in fact the notices are posted at Cross Lake and Pequot calling for bids for carrying the mail. The service that this route now gives to the Ossipee office will be supplied by the stage that runs from Merrifield to Mission. The change has long been considered on account of the length of route and the uncertainty of delivery during certain seasons of the year. The distance from Pequot to Cross Lake is about twelve miles and the round trip can easily be made daily. The discontinuance of the route from the Brainerd office will make it necessary for quite a number of patrons who are now served by box delivery on the route by the stage to get their mail at Ossipee or at the postoffice in this city. The new service is expected to be installed the latter part of the present month. The local postoffice has received no instructions further than that the new service is contemplated.

CONVENTION OF WOMAN'S CLUBS

Sixth Annual Meeting of Sixth District Clubs to be Held in Brainerd

MEETING OPENS ON THURSDAY

Three-Day Session Will Be Held And Very Interesting Program Is Planned

The sixth annual meeting of the Sixth District of Woman's Clubs will be held in Brainerd on Thursday, Friday and Saturday of next week, May 6th, 7th and 8th; the first meeting being at Elks hall at 2:30 p. m., on Thursday. The Sixth District comprises the cities of Alexandria, Brainerd, Litchfield, Long Prairie, Monticello, Park Rapids, St. Cloud, Sauk Centre, Sauk Rapids and Wadena.

As Brainerd is one of the largest cities in the district and this is the first time we have had the opportunity of welcoming delegates of federated clubs to our city, the Ladies' Musical Club is anxious to have the sympathy and cooperation of all who are interested in the development of our city along civic and humanitarian lines. Perhaps we are too prone to give all our thoughts to material development, forgetting that unless this goes hand-in-hand with those higher principles of living without which there can be no true development, we are really accomplishing little that is of true worth.

The opening meeting on Thursday afternoon will be an informal reception, with music and a welcoming address with a response and a talk on federation work by Mrs. C. F. Higbee, president of the state federation. At the Congregational church in the evening at 8 o'clock, Dr. Marclay, of Walker, will explain what the state sanatorium at Walker is doing to further the fight against tuberculosis. Mr. Christopher Easton, of St. Paul, will give a stereopticon lecture on tuberculosis work and Miss Patterson, of St. Paul, will talk on district nursing.

The club feels that it is fortunate in presenting a programme as full of instructive material and hopes that everyone will avail themselves of the opportunity to learn how the state is so generously helping to fight the White Plague.

The meetings at Elks hall on Friday, morning and afternoon, will include various papers; talks and musical numbers.

Friday evening at 8 o'clock, there will be a recital by Mr. Clifford Wilkins, baritone and Miss Alice O'Connell, reader, both of Minneapolis. For this there will be a charge of 25 cents to help to defray the expenses of the occasion.

All the other meetings will be open and free and it is desired that all interested in the future of our city and state will assist by their presence, in making this convention a success in every way.

Children Who are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Gray's Sweet Powders for Children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitute. A trial package will be sent free to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

RAILROAD SHOPS ON FULL TIME Northern Pacific Shops in all Departments are Now Working Every Day

IT IS A PERMANENT THING Increase Made a Few Days Ago Was Not Temporary as Was Then Supposed

When the Northern Pacific shops were put on a nine and ten hour basis a few days ago, instead of working eight hours and only five days, it was currently reported that it was only for the rest of the month of April to use up the unexpended portion of the April appropriation. Such, happily has proven not to be the case and this morning the entire force went to work as usual, making the first week in nearly three months in which all departments have worked six days. The car shops will hereafter work ten hours per day, as was done all last summer and fall and the locomotive side will work nine hours per day and six days a week, which is full time under the agreement between the men and the company entered into last fall. There is much rejoicing among the men and in business circles over the renewed activity. There is lots of work ahead, the Brainerd yards being crowded with bad order cars and locomotives, besides a large number of cars stored on the passing track at Crow Wing.

MUSIC AND DRAMA

"Girls"

The attraction at the opera house, Wednesday, May 5th, will be Clyde Fitch's latest comedy, "Girls," which ran for one whole year at Daly's theatre, New York, and which has been proclaimed by the metropolitan press the best comedy written in the past twenty years. "Girls" is a play satirizing the bachelor girl, her aims and ambitions and her utter defeat when brought face to face with love. Seats will be placed on sale Tuesday, May 4.

Notice

All residents of Brainerd are notified that all rubbish, garbage and waste material of any kind must be removed from their premises and alleys before May 15th.

By order of the Board of Health. 275tf

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

TIME TO ACT

Don't Wait for the Fatal Stages of Kidney Illness--Profit by Brainerd People's Experiences

Occasionally attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but return with greater intensity. If there are symptoms of dropsy--puffy swelling below the eyes, bloating of the limbs and ankles, or any part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old time health and vigor will return. Cures in Brainerd prove the effectiveness of this great kidney remedy.

Mrs. B. F. Hannon, living at 506 Elm St., N. E., Brainerd, Minn., says: "Mr. Hannon has been greatly benefited by using Doan's Kidney Pills. His kidneys were in a disordered condition for a long time and he suffered intensely from pains in his right side and across his hips. His cause was diagnosed by a physician as kidney trouble and despite the use of their medicines he gradually grew worse. He was scarcely able to work, in fact, he could not rest well at night on account of the dull aching in his back. The use of a few boxes of Doan's Kidney Pills, procured from H. P. Dunn's drug store, helped him a great deal and I take pleasure in recommending them as an excellent remedy for all complaints arising from disordered kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name--Doan's--and take no other.

Our Line of Trousers

- Have you thought of the Spring weather--the mud and your Trousers? We have!

HEARING SET FOR MAY 10TH

Hearing on Application for Water Works Receivership Will Be on That Date

NOTICE WAS SERVED TODAY

Deputy Sheriff Theorin Served Papers on Mayor and Other Officials

The formal notice that the hearing for the application for a receiver for the property of the Minnesota Water Works company would be held on May 10th, the date named as return day in the complaint, was served on Mayor Crust and other officials this forenoon. The hearing will be at the court house, in Brainerd at 9 o'clock on that day and undoubtedly before Judge McClenahan, as the matter of the appointment of appraisers in the condemnation proceedings comes up on that date before him.

Smashes All Records.

The discontinuance of the route from the Brainerd office will make it necessary for quite a number of patrons who are now served by box delivery on the route by the stage to get their mail at Ossipee or at the postoffice in this city. The new service is expected to be installed the latter part of the present month. The local postoffice has received no instructions further than that the new service is contemplated.

CONVENTION OF WOMAN'S CLUBS

Sixth Annual Meeting of Sixth District Clubs to be Held in Brainerd

MEETING OPENS ON THURSDAY

Three-Day Session Will Be Held And Very Interesting Program Is Planned

The sixth annual meeting of the Sixth District of Woman's Clubs will be held in Brainerd on Thursday, Friday and Saturday of next week, May 6th, 7th and 8th; the first meeting being at Elks hall at 2:30 p. m., on Thursday. The Sixth District composes the cities of Alexandria, Brainerd, Litchfield, Long Prairie, Monticello, Park Rapids, St. Cloud, Sauk Centre, Sauk Rapids and Wadena.

As Brainerd is one of the largest cities in the district and this is the first time we have had the opportunity of welcoming delegates of federated clubs to our city, the Ladies' Musical Club is anxious to have the sympathy and cooperation of all who are interested in the development of our city along civic and humanitarian lines. Perhaps we are too prone to give all our thoughts to material development, forgetting that unless this goes hand-in-hand with those higher principles of living without which there can be no true development, we are really accomplishing little that is of true worth.

The opening meeting on Thursday afternoon will be an informal reception, with music and a welcoming address with a response and a talk on federation work by Mrs. C. F. Higbee, president of the state federation. At the Congregational church in the evening at 8 o'clock, Dr. Marclay, of Walker, will explain what the state sanatorium at Walker is doing to further the fight against tuberculosis. Mr. Christopher Easton, of St. Paul, will give a stereopticon lecture on tuberculosis work and Miss Patterson, of St. Paul, will talk on district nursing.

The club feels that it is fortunate in presenting a programme as full of instructive material and hopes that everyone will avail themselves of the opportunity to learn how the state is so generously helping to fight the White Plague.

The meetings at Elks hall on Friday, morning and afternoon, will include various papers; talks and musical numbers. Friday evening at 8 o'clock, there will be a recital by Mr. Clifford Wilkins, baritone and Miss Alice O'Connell, reader, both of Minneapolis. For this there will be a charge of 25 cents to help to defray the expenses of the occasion.

All the other meetings will be open and free and it is desired that all interested in the future of our city and state will assist by their presence, in making this convention a success in every way.

Children Who are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Gray's Sweet Powders for Children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitute. A trial package will be sent free to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

RAILROAD SHOPS ON FULL TIME

Northern Pacific Shops in all Departments are Now Working Every Day

IT IS A PERMANENT THING

Increase Made a Few Days Ago Was Not Temporary as Was Then Supposed

When the Northern Pacific shops were put on a nine and ten hour basis a few days ago, instead of working eight hours and only five days, it was currently reported that it was only for the rest of the month of April to use up the unexpended portion of the April appropriation. Such, happily has proven not to be the case and this morning the entire force went to work as usual, making the first week in nearly three months in which all departments have worked six days. The car shops will hereafter work ten hours per day, as was done all last summer and fall and the locomotive side will work nine hours per day and six days a week, which is full time under the agreement between the men and the company entered into last fall. There is much rejoicing among the men and in business circles over the renewed activity. There is lots of work ahead, the Brainerd yards being crowded with bad order cars and locomotives, besides a large number of cars stored on the passing track at Crow Wing.

MUSIC AND DRAMA

"Girls"

The attraction at the opera house, Wednesday, May 5th, will be Clyde Fitch's latest comedy, "Girls," which ran for one whole year at Daly's theatre, New York, and which has been proclaimed by the metropolitan press the best comedy written in the past twenty years. "Girls" is a play satirizing the bachelor girl, her aims and ambitions and her utter defeat when brought face to face with love. Seats will be placed on sale Tuesday, May 4.

Notice

All residents of Brainerd are notified that all rubbish, garbage and waste material of any kind must be removed from their premises and alleys before May 15th.

By order of the Board of Health. 275tf

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

TIME TO ACT

Don't Wait for the Fatal Stages of Kidney Illness--Profit by Brainerd People's Experiences

Occasionally attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but return with greater intensity. If there are symptoms of dropsy--puffy swelling below the eyes, bloating of the limbs and ankles, or any part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old time health and vigor will return. Cures in Brainerd prove the effectiveness of this great kidney remedy.

Mrs. B. F. Hannon, living at 506 Elm St., N. E., Brainerd, Minn., says: "Mr. Hannon has been greatly benefited by using Doan's Kidney Pills. His kidneys were in a disordered condition for a long time and he suffered intensely from pains in his right side and across his hips. His cause was diagnosed by a physician as kidney trouble and despite the use of their medicines he gradually grew worse. He was scarcely able to work, in fact, he could not rest well at night on account of the dull aching in his back. The use of a few boxes of Doan's Kidney Pills, procured from H. P. Dunn's drugstore, helped him a great deal and I take pleasure in recommending them as an excellent remedy for all complaints arising from disordered kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name--Doan's--and take no other.

Our Line of Trousers

Have you thought of the Spring weather--the mud and your Trousers? We have!

We can't change the weather but we can assist you in changing Trousers.

Our Trousers are made to our special order by one of the Country's best Trouser makers--and by the way, the making of perfect Trousers is an art. Not every maker knows how to build artistic and correct Trousers.

We call special attention to our Trousers at \$1.50, \$2.00, \$3.00--the fabrics are new, handsome and good. The fit is perfect.

Trousers at \$4.00, \$4.50, \$5.00 and \$6.00 all correctly cut and tailored from the newest Spring Trouserings.

Come in and take a look at the finest line of ready-to-wear Trousers that your eyes ever rested upon. This Store never disappoints you.

HEARING SET FOR MAY 10TH

Hearing on Application for Water Works Receivership Will Be on That Date

NOTICE WAS SERVED TODAY

Deputy Sheriff Theorin Served Papers on Mayor and Other Officials

The formal notice that the hearing for the application for a receiver for the property of the Minnesota Water Works company would be held on May 10th, the date named as return day in the complaint, was served on Mayor Crust and other officials this forenoon. The hearing will be at the court house, in Brainerd at 9 o'clock on that day and undoubtedly before Judge McClenahan, as the matter of the appointment of appraisers in the condemnation proceedings comes up on that date before him.

Smashes All Records.

As an all-round laxative tonic and health-builder no other pills can compare with Dr. King's New Life Pills. They tone and regulate stomach, liver and kidneys, purify the blood, strengthen the nerves; cure constipation, dyspepsia, biliousness, jaundice, headache, chills and malaria. Try them. 25c at H. P. Dunn's.

A Lover of Candor.

Impecunious Man--I wish you would be so kind as to lend me a sovereign. I'll pay you back in a few days.

Candid Friend--If you had asked me for the loan in a candid and straightforward manner I would have loaned you the money, but asking me in the way you did causes me to distrust you.

"I don't understand you."
"You asked me to be so kind as to lend you a sovereign?"
"Yes."

"If you had been candid, you would have said to me, 'Be so stupid, be such an ignominious ass, such a hopeless idiot as to lend me a sovereign,' and you might have got it."--Pearson's Weekly.

Why They Were Fresh.
Once, when taking breakfast at a hotel in Richmond, John Randolph complained that the eggs were not fresh. "If you want fresh eggs, wait, always buy them in Chesterfield" (a county just across the James). "How come Chesterfield eggs better'n Henrico eggs, sah?" "Because, you rascal, the Chesterfield people are too poor to keep their long."—Argonaut.

The Word "Doll."
The word "doll" may be taken as meaning the same thing as "idol"—that is, an image—generally speaking, an image of the human form. The French word "poupee" and the German "puppe" were derived from the Latin "pupa," the word used for a chrysalis (insect stage), the earlier kinds of dolls being remarkably like the pupae of insects. Our word puppet is derived also from the same root.

MOBS AFTER ABDUL HAMID

Seek Life of the Deposed Sultan of Turkey.

SHOT DEAD HIS FAVORITE

Killed Beautiful Young Circassian Girl on the Day the Troops Entered Constantinople—Former Ruler Probably Will Be Transferred From Saloniki to Monastir—Tewfik Pasha Forms New Cabinet.

Paris, May 1.—Telegraphing from Constantinople, the Matin's correspondent says that Abdul Hamid probably will be transferred from Saloniki to Monastir, as furious mobs seethe around the villa where he is lodged, clamoring for his head and the troops have difficulty in keeping them back. "The former sultan," the correspondent adds, "committed an abominable crime on the day of the entry of the troops into Constantinople. Mad with despair and jealousy, he shot dead his favorite, a beautiful Circassian girl, eighteen years old. Certain that the end of his reign had come, the sultan had been induced to prepare for a general massacre on Saturday, the signal for which was to have been given by the firing of bombs. General Scheffket, however, learned of the danger that threatened and hastened the entry of the troops."

NEW CABINET IS FORMED

Tewfik Pasha Finally Completes Difficult Task.

Constantinople, May 1.—Tewfik Pasha finally succeeded in forming a new cabinet to preside over the destinies of the Turkish empire, a task he undertook reluctantly when some of the influential members of the Committee of Union and Progress displayed opposition to Hilmi Pasha resuming his old post of premier. The ministry follows:

Grand vizier, Tewfik Pasha; minister of the interior, ex-Grand Vizier Ferid Pasha; minister of war, Salah Pasha; minister of finance, Rifaat Bey; minister of marine, General Riza Pasha; minister of foreign affairs, Rifaat Pasha; sheik ul islam, Zia Eddin Effendi; minister of public works and commerce, Gabriel Effendi; minister of agriculture, Prince Mavrogordato; minister of pious foundations, Mahmoud Ekrem Bey; minister of public instructions, Hakika Bey.

Mehmed V. drove through the streets in democratic fashion on his way to the mosque to offer up the regular Friday prayers. The pomp and ceremonial that formerly attached to the function during the reign of Abdul Hamid were altogether lacking, and the subjects of the new sultan seemed to appreciate his democratic manner and accepted it as evidence of the beginning of a more lenient rule.

A rumor emanating from Saloniki to the effect that Abdul Hamid would be court-martialed was in circulation here, but it met with denial.

Cold in Wyoming.

Laramie, Wyo., May 1.—Extreme cold weather is reported from a number of points in Wyoming. At the King ranch, at the foot of the Laramie mountains, 5 below zero was recorded. In Laramie the temperature was 5 above.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, rapid liver with indigestion. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Sander, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Some name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

WEEKLY REVIEW OF TRADE

Situation May Be Said to Be Better Than Last Year.

New York, May 1.—Bradstreet's review of trade says that, summed up, the situation may be said to be a current trade, wholesale and retail, better than last year, but disappointing as a whole, while the tone for the future is still quite markedly optimistic. Reports from leading industries are rather better than for some time past. The business doing and the reports coming from the iron and steel trades are distinctly better. Low prices have evidently brought out lumbering orders and there is talk of the bottom having been touched and a new ascent begun. In the textile trades quiet as to the present but optimistic as to the future is the rule. Cotton goods still lead the rest of the market, but the strength of raw wool seems to point to confidence in finished lines. High prices are being paid in the West for the new wool clip, shearing of which is active.

ELEVEN PEOPLE MET DEATH

More Than a Score of Others Injured at Golden, Mo.

Cassville, Mo., May 1.—Eleven people were killed and twenty-five or thirty hurt, fourteen seriously, by a tornado which destroyed Golden, seventeen miles east of here. The number of dead may be even greater, as reports are not complete. The entire town with the exception of one stone building was blown down. The people are now without food or shelter. The population of the place was about 500. Reports from points in Northwestern Arkansas say many have been killed and damage to the amount of \$500,000 done by the storm.

Flood Warnings Modified.

Pittsburg, May 1.—Flood warnings sent out from the local office of the weather bureau have been modified and a stage of only a foot above the danger line is expected unless hard rains should fall. The rise is mainly in the Allegheny river and flood stages are not expected in the Ohio.

Sacrifices For the Services.

Hundreds of men in England stint themselves in order to enable their sons to keep a position in one of the services. I know of a particular case in which a father manages to keep a son in the navy on an income of barely £300 a year. The sailor boy takes £100 of this, and the rest of the family—1 believe there are five—manage to squeeze through without getting into debt on the other £200.—London Sun.

Little Trouble in New York.

New York, May 1.—May day dawned in Greater New York with labor conditions quiet. Barring the strike against bakeries on the East Side, declared Friday night, the teamsters' strike against a few downtown firms and several minor building trade disputes, there is nothing to ruffle existing agreements between employees and the employers.

Government Clerk Drowned.

Washington, May 1.—Paul M. Friedinger, twenty years old, a government clerk, drowned when his canoe capsized near the highway bridge on the Potomac river.

Then She Fainted.

Little Mr. Crumpton arrived home one evening rather earlier than usual to find his wife away on a shopping expedition. He picked up a ladies' paper and was soon interested in a recipe for making ginger biscuits. "Happy thought!" said Crumpton. "I'll give the missus a pleasant surprise." And when the lady arrived home she found a nice plate of biscuits on the table. "Splendid, George, dear!" she said as she nibbled one of the dainties. "What do you call them?" "Ginger snaps, pet; all my own make," was the proud reply. "Where did you get the ground ginger, George?" "In the cupboard, darling. That green tin, you know." "Cupboard! Green tin!" came the exclamation. "Oh, George, that was roach poison!"—London Scraps.

The grape illustration is to remind the reader of the fact that this healthful fruit gives to Royal its active and chief ingredient. From the grape

ROYAL BAKING POWDER

derives those prime qualities which make it unique as a raising-agent, a favorite with all who desire the finest, most healthful food.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar

Why They Were Fresh.
Once, when taking breakfast at a hotel in Richmond, John Randolph complained that the eggs were not fresh. "If you want fresh eggs, waiter, always buy them in Chesterfield" (a county just across the James).
"How come Chesterfield eggs better'n Henrico eggs, sah?"
"Because, you rascal, the Chesterfield people are too poor to keep their long."—Argonaut.

The Word "Doll."
The word "doll" may be taken as meaning the same thing as "idol"—that is, an image—generally speaking, an image of the human form. The French word "poupee" and the German "puppe" were derived from the Latin "pupa," the word used for a chrysalis (insect stage), the earlier kinds of dolls being remarkably like the pupae of insects. Our word puppet is derived also from the same root.

MOBS AFTER ABDUL HAMID

Seek Life of the Deposed Sultan of Turkey.

SHOT DEAD HIS FAVORITE

Killed Beautiful Young Circassian Girl on the Day the Troops Entered Constantinople—Former Ruler Probably Will Be Transferred From Saloniki to Monastir—Tewfik Pasha Forms New Cabinet.

Paris, May 1.—Telegraphing from Constantinople, the Matin's correspondent says that Abdul Hamid probably will be transferred from Saloniki to Monastir, as furious mobs seethe around the villa where he is lodged, clamoring for his head and the troops have difficulty in keeping them back. "The former sultan," the correspondent adds, "committed an abominable crime on the day of the entry of the troops into Constantinople. Mad with despair and jealousy, he shot dead his favorite, a beautiful Circassian girl, eighteen years old. Certain that the end of his reign had come, the sultan had been induced to prepare for a general massacre on Saturday, the signal for which was to have been given by the firing of bombs. General Scheffke, however, learned of the danger that threatened and hastened the entry of the troops."

NEW CABINET IS FORMED

Tewfik Pasha Finally Completes Difficult Task.

Constantinople, May 1.—Tewfik Pasha finally succeeded in forming a new cabinet to preside over the destinies of the Turkish empire, a task he undertook reluctantly when some of the influential members of the Committee of Union and Progress displayed opposition to Hilmi Pasha resuming his old post of premier. The ministry follows:

Grand vizier, Tewfik Pasha; minister of the interior, ex-Grand Vizier Ferid Pasha; minister of war, Salah Pasha; minister of finance, Rifaa Bey; minister of marine, General Riza Pasha; minister of foreign affairs, Rifaa Pasha; sheik ul Islam, Zia Eddin Effendi; minister of public works and commerce, Gabriel Effendi; minister of agriculture, Prince Mavrogordato; minister of pious foundations, Mahmud Ekrem Bey; minister of public instructions, Hakka Bey.

Mehmed V. drove through the streets in democratic fashion on his way to the mosque to offer up the regular Friday prayers. The pomp and ceremonial that formerly attached to the function during the reign of Abdul Hamid were altogether lacking, and the subjects of the new sultan seemed to appreciate his democratic manner and accepted it as evidence of the beginning of a more lenient rule.

A rumor emanating from Saloniki to the effect that Abdul Hamid would be court-martialed was in circulation here, but it met with denial.

Cold in Wyoming.

Laramie, Wyo., May 1.—Extreme cold weather is reported from a number of points in Wyoming. At the King ranch, at the foot of the Laramie mountains, 5 below zero was recorded. In Laramie the temperature was 5 above.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, rapid liver with indigestion, and dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherry bark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensary; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Lawrence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

WEEKLY REVIEW OF TRADE

Situation May Be Said to Be Better Than Last Year.

New York, May 1.—Bradstreet's review of trade says that, summed up, the situation may be said to be a current trade, wholesale and retail, better than last year, but disappointing as a whole, while the tone for the future is still quite markedly optimistic. Reports from leading industries are rather better than for some time past. The business doing and the reports coming from the iron and steel trades are distinctly better. Low prices have evidently brought out lumbering orders and there is talk of the bottom having been touched and a new ascent begun. In the textile trades quiet as to the present but optimistic as to the future is the rule. Cotton goods still lead the rest of the market, but the strength of raw wool seems to point to confidence in finished lines. High prices are being paid in the West for the new wool clip, shearing of which is active.

ELEVEN PEOPLE MET DEATH

More Than a Score of Others Injured at Golden, Mo.

Cassville, Mo., May 1.—Eleven people were killed and twenty-five or thirty hurt, fourteen seriously, by a tornado which destroyed Golden, seventeen miles east of here. The number of dead may be even greater, as reports are not complete.

The entire town with the exception of one stone building was blown down. The people are now without food or shelter. The population of the place was about 500.

Reports from points in Northwestern Arkansas say many have been killed and damage to the amount of \$500,000 done by the storm.

Flood Warnings Modified.

Pittsburg, May 1.—Flood warnings sent out from the local office of the weather bureau have been modified and a stage of only a foot above the danger line is expected unless hard rains should fall. The rise is mainly in the Allegheny river and flood stages are not expected in the Ohio.

Sacrifices For the Services.

Hundreds of men in England stint themselves in order to enable their sons to keep a position in one of the services. I know of a particular case in which a father manages to keep a son in the navy on an income of barely £300 a year. The sailor boy takes £100 of this, and the rest of the family—I believe there are five—manage to squeeze through without getting into debt on the other £200.—London Sun.

Corn—April, 70 1/2 c; May, 70 1/2 c; July, 68 1/2 c; Sept., 67 to 67 1/2 c; Dec., 58 3/4 c. Oats—May, 55 1/2 c; July, 49 1/2 c to 49 1/2 c; Sept., 42 1/2 c. Pork—May, \$17.77 1/2; July, \$18.00; Sept., \$17.95 to 17.97 1/2. Butter—Creameries, 22 to 26 c; dairies, 18 1/2 to 23 1/2 c. Eggs—21 to 22 c. Poultry—Turkeys, 17 c; chickens and springs, 15 c.

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it does not add perceptibly to the heat of a room. It differs from all other oil stoves in its substantial CABINET TOP, with shelf for warming plates and keeping cooked food hot, and drop shelves for holding small cooking utensils. Has every convenience, even to bars for towels. Three sizes. With or without Cabinet Top. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is the ideal lamp for family use—safe, convenient, economical, and a great light giver. If not with your dealer, write our nearest agency.

Standard Oil Company (Incorporated)

A Joke on Offenbach.

Offenbach, the famous opera bouffe composer, had an insatiable thirst for success and fame combined with a vanity that occasionally played him a sorry trick. Once he was going down the Rhine on a steamer, among whose passengers was the Duke of Nassau, a fact of which the composer was in blissful ignorance. As the steamer approached its last stopping place the bank of the river was seen to be covered by a dense throng of people, who were shouting and waving their hats. A band on the pier was playing a march from one of Offenbach's operas. As the boat touched the pier Offenbach stepped to the rail and bowed and waved his hat to the people in acknowledgment of this flattering ovation.

"It is glorious to be received in a foreign land like this!" he remarked to his companions.

But his self complacency received a rude shock the next instant when the duke's adjutant appeared and said in a rough and unfeeling manner:

"Get out of the way, will you, and let his highness show himself!"—London Standard.

Little Trouble in New York.

New York, May 1.—May day dawned in Greater New York with labor conditions quiet. Barring the strike against bakeries on the East Side, declared Friday night, the teamsters' strike against a few downtown firms and several minor building trade disputes, there is nothing to ruffle existing agreements between employees and the employers.

Government Clerk Drowned.

Washington, May 1.—Paul M. Friedinger, twenty years old, a government clerk, drowned when his canoe capsized near the highway bridge on the Potomac river.

Then She Fainted.

Little Mr. Crumpton arrived home one evening rather earlier than usual to find his wife away on a shopping expedition. He picked up a ladies' paper and was soon interested in a recipe for making ginger biscuits. "Happy thought!" said Crumpton. "I'll give the missus a pleasant surprise." And when the lady arrived home she found a nice plate of biscuits on the table. "Splendid, George, dear!" she said as she nibbled one of the dainties. "What do you call them?" "Ginger snaps, pet; all my own make," was the proud reply. "Where did you get the ground ginger, George?" "In the cupboard, darling. That green tin, you know." "Cupboard! Green tin!" came the exclamation. "Oh, George, that was roach poison!"—London Scraps.
